

# Discover the Enhanced Aromas offered by Eisch Sensis Plus Glasses.... nothing else compares!

Wine poured in Sensis plus glasses becomes more harmonious and complex, with better balance and greater elegance. Through a completely natural process, the original character and structure of the wine are preserved, while its aromas and flavors become more expressive and generous. Sensis plus glasses also improve the enjoyment of spirits, fruit juices, sparkling water and other beverages. Experience Sensis plus and discover the wine's true flavor.

Les verres Sensis plus rehaussent l'harmonie et la complexité du vin, lui apportent un meilleur équilibre et lui donnent une grande élégance. Grâce à un processus entièrement naturel, le vin conserve son caractère original et sa structure, alors que ses arômes et son goût deviennent plus expressifs et généreux. Les verres Sensis plus rehaussent également les spiritueux, les jus de fruits, l'eau gazeuse et les autres boissons. Les verres Sensis plus combinent l'expérience et la richesse des idées de Eisch avec une interprétation caractéristique des plus grands plaisirs du vin. Essayez Sensis plus et goûtez la saveur véritable du vin.

# **Eisch Accessories**

Item# 943.1
Decanter Cleaning Beads
A great way to clean hard to reach spots in decanters, coffee pots and vases. The small stainless steel balls use water and kinetic energy to break up any residue without scratching the delicate surface. The Cleaning Beads are also completely reusable.

744.26 Wine Thermometer in Gift Box

740.79 Bouquet Star in Gift Box Height: 110mm (4.3")

When a red wine is decanted with the Finesse "Bouquet-Star" it is fanned into a waterfall around the entire inner surface of the decanter, thus maximizing air contact. This brings

about a very rapid oxygenation and development of bouquet, even improving younger reds. With this process red wines become rounder, breathed and ready to enjoy much sooner than usual.

740.80 Grande Arome Aerating Funnel Height 260mm (10.2")

928.7 Crystal Aerating Funnel with Strainer Height: 7.9"

958.2 Eisch Trattoria Nut Dispenser An efficient way to present nuts, sweets and savory snacks in a visually attractive and appetizing way. The Trattoria Nut Dispenser also ensures absolute hygiene because you have to pour the contents straight into your palm - no more greasy or sticky fingers or double-dipping. An ideal accessory for home entertainment during the holiday season and a perfect gift for any occasion!

With respect to complexity and fullness of aromas, coffee beans certainly are equal to grapes in many ways. From this point of view, it was only a small step to apply the successful Sensis Plus Glass<sup>TM</sup> technology for wine also to espresso. And the effect with espresso really is at least as impressive as it is with wine. The aromas in the espresso become more distinct, and the whole experience of taste becomes more harmonic, more intensive, and more three-dimensional. Too prominent bitterness or sharpness peaks are reduced and lose any unwanted dominance. However, the espresso is not changed in its structure and fully keeps its original character.

The effect of the Sensis <sup>Plus</sup> Glass furthermore makes the espresso more wholesome and even better tolerable for people with a sensitive stomach.

Unbelievably intensive and harmonic taste with the Sensis Plus Expresso Cup

Also available in 6 Pack Bulk - # 500.95

Vintec is contemporary range of glassware notable for its straight lines and avant-garde design. The large contact area between wine and atmospheric oxygen at the bottom of the goblet provides optimum development possibilities for the wine. Vintec Series is made of lead free crystal from Germany. Dishwasher safe.

The exclusive 10 Carat Crystal series is the latest addition to the Eisch Collection. Each product is individually handcrafted, and features dozens of shining crystals encased within the actual stem and handle. Each stem undergoes a unique Sensis Plus treatment that enhances your wine appreciation. The 10 Carat crystal decanter is an absolutely stunning piece of handcrafted artwork. The stylish handle, or "tail", is filled with brilliantly sparkling crystal "diamonds". As with all Eisch decanters, it features their exclusive "No Drop Effect", which inhibits wine droplets from beading down the outside of the carafe. The Eisch 10 Carat Collection is made of lead free crystal in Germany. Hand wash is recommended.

The Eisch glass factory no for the fist time utilizes THE NO DROP EFFECT© for consumer glassware. It is employed to avoid undesirable drops when pouring drinks from carafes and decanters.

In regular decanters drops of wine run down the outside of the decanting carafe, leaving ugly stains on the tablecloth or on the vessel itself. With the NO DROP EFFECT©, this is a thing of the past. The NO DROP EFFECT© inhibits wine drops from forming at the rim of the carafe at the time of pouring. As a result, any remaining droplets slide back inside the carafe protecting your vessel and table cloth from stains!

The NO DROP EFFECT© is based on a special treatment of the glass surface which permanently prevents drops from running down the outside of the carafes and decanters.

The NO DRIP EFFECT® is based on a special treatment of the glass surface which permanently prevents drops from running down the outside of carafes decanters and jugs.

8803 Solo Shot/Sake 2oz

8901B Old Fashion Whisky 11.25oz

8903 Glendale Whisky Glass 6.5oz

The Glendale Whisky Glass is created from fine German made lead free crystal. The short stemmed, tulip-shaped glass perfectly presents the fine complexities and nuances of any whisky; Single Barrel Bourbons, Single Malts, Scotches or Irish Whiskeys. The bowl shape is built for subtle swirling – gently releasing complex aromatics which are then held in the glass's raised taper.

Specially designed for nosing, the size is also perfect for focusing everything the whisky has to offer on the palate.

The Glendale glass is the perfect fit for any Whisky aficionado.

#### #5661 VinTemp Infrared Thermometer

VinTemp uses infrared technology to read the temperature of the wine inside the bottle. Simply press the tip of the VinTemp against the bottle, press the button and read the results on the digital panel. Is your wine too warm or too cold? Chill or leave out your wine longer and test again. The VinTemp is only 3" long allowing for easy carrying. Use at home or take it with you.

- Digital display measures in °C or °F
- Precise Infrared Technology
- Encases in Sleek Tin Box
- Built In Serving Temperature Chart
- Battery included
- Temperature ranges from –27 to 428°F

# Wine OFF

# ONE GREAT PRODUCT - TWO CONVENIENT SIZES!

With our specially developed formulas of friendly bacteria and enzymes, WineOFF actually "eats" the stains, leaving your clothing, table linens and carpeting stainfree. WineOFF is also effective on many food residues and other oraganic stains. Made with nature-based, non-toxic ingredients, WineOFF is safe to use around people and pets. The biodegradable ingredients are environmentally friendly as well. Available in two sizes—an economical 4oz bottle and convenient 10ml spray pen.

#805 WineOFF Spray Pen 10ml Pen

VID SKIN

**4100—WineSkin**Custom Branding Available

**WineSkin** is today's solution for wine shipment and transport realities. Consider the challenges associated with the movement of wine today:

- Prohibitions against liquids on flights
- Potential for breakage when packed in checked luggage
- Packing costs associated with parcel shipments
- Other packaging that is bulky, clumsy or ineffective and expensive

For every wine-transport problem, **WineSkin** is the solution, WineSkin is:

- A tough, flexible and durable vinyl wrap with double-sealed seams all around
- A protective, bubble-wrap interior that provides shock and impact absorption
- A dual-strip sealing system with a leak-proof lock in the event of breakage
- Affordable and attractive
- The perfect way to extend your brand by adding your logo or artwork

**Double tape** seal for leak proof protection

Universal shape designed for most 750ml bottles

Easy to use—just slide the bottle into WineSkin, seal the two strips and go

Product may vary from picture.

**Savino** is an easy-to-use wine preservation system that allows you to enjoy your favorite wines anytime without waiting for an occasion. Open any bottle with confidence, knowing that you can enjoy the full original flavor of Tuesday's wine on Saturday. After enjoying a glass, simply pour the remaining wine in to the well designed, sturdy carafe. Insert the float to create a physical barrier between the wine and the oxygen. Place the lid on top of the carafe and store in the refrigerator or wine storage area. When ready to enjoy your next glass, pour directly from the Savino to enjoy the wine's full flavour and original character.

#### #6500 Savino Connoisseur Wine Preserver

- Carafe and lid made of flint glass, which is
- recognized for its high transparency
- Savino float is made from the highest quality food-grade and BPA-free plastic
- Capacity: 750 ml
- Dishwasher safe

#### #6501 Savino Enthusiast Wine Preserver

- Savino Enthusiast is ideal for the outdoors...use on the patio, around the pool, hot tub, boat and camping
- Features a clever lid locking system
- Made of Tritan polymer resin that is bisphenol-A (BPA) free
- Dishwasher safe
- Shatterproof
- Made in USA

# Préparez six sushis préparez six sushis en une minute... C'est simple, rapide et exotique le contique le contique

# Easy Sushi® is "Revolution-ary!"

#3928—Brix 8oz Bar Smooth Dark (SD) #3935—Brix 24pc Counter Display (8oz—4 varieties)

Brix Chocolates are specifically formulated to complement wine. Available in 4 different flavours, each flavourbrings forward the fruity and earthy nuances of the wine it complements. Brix was developed by Dr. Nick Proia with the best coca from Ghana as a healthier option to fat-laden cheeses. The bars are meant to be fractured like a hard cheese into discreet, luscious bites to be enjoyed with your favourite wine.

Les chocolats Brix sont spécialement conçus pour accompagner le vin. Disponible en 4 différentes saveurs, chaque saveurs met en avant le fruité et les nuances naturelles du vin qu'il accompagne. Brix a été développé par Dr. Nick Proia avec le meilleur cacao du Ghana comme une alternative plus saine que le fromage chargé de gras. Les barres sont pensées pour être fracturé comme du fromage à pâte dure afin de profiter au mieux de votre vin préféré.

#### Brix Extra Dark Chocolate

Specifically formulated to pair with the deepest red wines, it has a very high cocoa content and can stand up to the massive tannins found in these wines. While the label suggests Barolo, Cabernet and Bordeaux, Extra Dark goes well with the heavier, peppery zinfandels and Syrahs as well.

SUGGESTED WINE PARINGS: Cabernet Sauvignon, Bordeaux, Barolo. 70% cacao

Les Chocolats Brix sont spécialement conçus pour accompagner le vin. Ce mélange crée avec le meilleur chocolat du Ghana, fait ressortir les tannins et dégage le fruit d'un vin corsé. Se Marie Avec: Cabernet Sauvignon, Bordeaux, Barolo. 70% cacao

#### Brix Medium Dark Chocolate

While its cocoa content is high, it remains sedate enough to enhance the fruit forward wines it was designed to accompany making it the most versatile. Its suggested pairings are on the label but don't be fooled - it easily stretches upward to the lighter cabs and downward to the heavier pinots.

SUGGESTED WINE PARINGS: Merlot, Shiraz, zinfandel, Rhône. 60% cacao

Les Chocolats Brix sont spécialement conçus pour accompagner le vin. Le cacao lisse se marie parfaitement avec des vins plus légers et fruités faisant ressortir leurs arômes.

Se Marie Avec: Merlot, Shiraz, zinfandel, Rhône. 60% cacao

#### Brix Smooth Dark Chocolate

Rich chocolate, soft enough to pair with sweet or sparkling whites and medium-bodied reds. SUGGESTED WINE PARINGS: Champagne, Riesling, new world Pinot Noir and aged Vintage Port. 54% cacao

Le Noir Velouté de Brix est assez doux pour accompagner un vin blanc légèrement sucré mais sa structure est assez forte pour tenir tête aux rouges mi-corsés.

Se Marie Avec: Champagne, Riesling, Pinot Noir, Vintage Port 54% cacao

#### Brix Milk Chocolate

Chocolate designed for the lighter reds and dessert wines. The use of highest quality milk chocolate results in a taste like no other; both creamy and spicy.

SUGGESTED WINE PARINGS:Port, Sherry, Dessert Wines, Rosé, Ice Wine 46% cacao

Les Chocolats Brix sont spécialement conçus pour accompagner le vin. Doux et crémeux cacao complémente parfaitement les vins rouges légers et les vin de dessert.

Se Marie Avec: Port, Sherry, Dessert Wines, Rosé, Vin Glacé. 46% cacao

Dualit's classic toasters are a design icon. Built for commercial use, they have won numerous consumer accolades and come in a range of colours, all featuring the timeless styling, reliability and Dualit design features. Engineered to produce the best toast in the world, Dualit toasters are still built by hand in the UK, with the assembler's stamp on every base plate. So whether you're a toast aficionado at home, or a professional caterer needing to produce 80 toasted sandwiches an hour, Dualit toasters will be perfect for you.

# **Key Features:**

- Hand built in England since 1947
- Heavy duty construction cast aluminum and stainless steel body
- Patented award winning ProHeat elements, designed to increase toasting efficiency and element longevity
- Extra wide 28 mm slots
- Energy-efficient slot selector control allows you to only toast what you need
- Mechanical timer allows to control browning preference
- Bagel/bun setting toasts one side of bagel while warming other
- Defrost setting gently warms frozen bread ready for toasting
- Manually operated ejector lever, toast does not pop up but stays warm until the ejector lever is pushed up.
- Adjustable rear foot to compensate for uneven surfaces
- Removable crumb tray
- Replaceable/repairable parts
- 1 year limited warranty

#### 2 Slot Toaster Details:

Capacity: 1 or 2 slices

# **PENSOFAL** Thinks for you every day!

Bioceramix®, combines the benefits of traditional non-stick and ceramic technologies to provide a long-lasting non-stick performance. The patented non-stick technology is composed of a multilayer 'honey comb' structure with ceramic base reinforcement as well as an exclusive application of RPP-2 technology. This creates a compact coating film with a smooth and impermeable surface, resilient in high temperatures. BioCeramix has been tested and approved by TÜV Rheinland®. Pensfoal is PFOA free and safe on all hobs including induction.

- 1 Anchorage layer with a cermic reinforcement
- 2 Intermediate resistance multilayer, ceramic reinforced
- Non-stick multilayer with a 'honey comb' structure with a ceramic and natural hard minerals reinforcement.
- Top non-stick performance multilayer reinforced by

Patented Stainless Steel double bottom plate - unalterable, antiskid, promotes even heat distribution, and is induction safe.

finish. Resistant to 200°C / 392°F.

Ergonomic bakelite handle, with soft touch Non-stick coated outside for easy cleaning

Rounded bottom for even heat distribution and energy saving

# Pastas

**HALOGEN** 

**DISHWASHER** 

The Pensofal Pasta Si provides the ultimate in style and convenience. These multiuse pots have a patented lid locking system that strains pasta, vegetables, potatoes, rice, and more, directly from the pot. The perforated lid replaces the need of a colander making clean up even easier. The lid locks in place to safely and easily strain pasta right into your sink. Just add the sauce or seasonings to the pot and your dish is ready to go from stovetop to tabletop.

The innovative Vapsi wok set is a patented multi-purpose steam pot. Use as a wok to stir fry meat and vegetables or insert the perforated rack and it becomes a steamer. In addition to steaming, you can re-heat or defrost food, or cook two meals at once - fry and steam at the same time. Set includes one 11-inch wok, lid, steamer tray and tongs.

Easycake · Moule à charnière — avec une base en verre EASY CAKE est constitué de deux éléments : le moule en forme de cercle fait à 100% de silicone platine et un fond de verre anti-rayure allant au four. Cuire et servir vos gâteaux, desserts et tartes dans un seul plat sur une élégante assiette de verre sans craindre de rayer la surface. Idéal pour cuire vos recettes, les refroidir et pour les congeler.

# **EASY CAKE**

ITEM: EASYCAKE Easycake - Round Spring Form Pan with glass base

EASY CAKE consists of two parts: 100% platinum silicone spring form ring and an oven-proof non -scratch glass bottom. Cook and serve your cakes, deserts and pies all in one dish on the elegant glass plate without fear of scratching the surface. Ideal for baked, chilled and frozen recipes.

"Made of durable, aroma-free plastic, Govino Wine Glasses are as ideal for outdoor use as they are stylish. Reusable and recyclable, the stemless, tulip-shaped tumblers have a handy indention to keep wet or greasy hands from losing grip."

# Beppi Crosariol; The Globe And Mail

"The sensation of the season? The Eisch Breathable Glass from Germany. Just pour your big, tannic, puckery wine in the glass and within seconds, the fierce tannins are tamed. I have tested it a dozen times, with very young heavily oaked reds from Australia, France and California.

Test it yourself, pour a bitter red in a normal glass, then in the matching size crystal glass. You will be amazed."

# Gordon Stimmell; Toronto Star

# "UNBREAKABLE & WINE FRIENDLY!

Good wine deserves these reusable, crystal clear tumblers. They're made from a special food-grade plastic that reflects a wine's colour and aroma beautifully. Govino are elegant, unbreakable and easy to hold. You can even use the thumb notch to measure six ounces of wine. Hand-wash and they'll last several years before being tossed in the blue box."

#### Cynthia David; LCBO Food & Drink Magazine

"We asked the LCBO's Knowledge Resourcs Group to put an Eisch Glass to the test with a number of varietals. They found that whe compared against other tasting glasses, the Eisch glasses offered a definite improvement..."

The LCBO's Food & Drink Magazine
